8. Usage Instructions

Melting Procedure:

- Remove lid from container.
- Heat in a microwave at 800W in 10-second intervals.
- Stir between heating intervals until product begins to melt.
- Repeat until fully liquefied.

Important: Do not heat above 40°C. Product may become hot during heating. Ensure rim is clean before closing container.

Application: Once melted, mix into chocolate to achieve the desired colour or paint into chocolate moulds for decorative effects.

9. Cocoa Butter Bloom Information

White or circular markings may occasionally appear inside the container. This is not mould but a natural process known as cocoa butter bloom (fat bloom). Re-melting the product will remove the bloom and restore normal appearance.
